Does your employer have a Corporate Matching Gift Program? This is a great time to check! Dolphin Dash kicks off in late January! Dolphin Dash is our annual fun run & largest fundraiser of the year.

Corporate matching gifts are a type of philanthropy program in which companies financially match donations their employees make to nonprofit organizations (like PIA PTO). It allows donors like you to maximize the impact of your donation! When an employee makes a donation, they'll request the matching gift from their employer, who then makes their own donation. Companies usually match donations at a 1:1 ratio, but some will match at a 2:1, 3:1, or even a 4:1 ratio. These matching gifts are valuable to our non-profit organization!

Ask your employer today if they have a Corporate Matching Program!
